## **INTRODUCTION**

What follows in this white paper will shock and scare you. Hopefully, it will shock and scare you enough to open your eyes and mind to the fact that the unthinkable is actually happening in our country.

We are being attacked from within by American Communists. They intend to replace our Constitutional Republic with a Communist dictatorship. They have been planning this revolution for decades. And right now, it seems that they might be winning, because they are in control of Congress, the Presidency, and several Federal Agencies.

However, there is still hope that we can defeat their attack. To do that we need to spread the word about this Clear and Present Danger to our Republic. There are more Patriots than communist revolutionaries. We outnumber them so we can outvote them.

Very few people are talking about this revolution. The thought of losing our country to Communism is so unthinkable and so alien to freedom loving Americans that they have not let the thought even enter their minds.

To defeat this attack from within, Americans first have to acknowledge the possibility that the Communist revolution that is actually happening right in front of their eyes. Once Americans acknowledge that possibility, then all of the crazy things that have been happening in the United States fit into place and make sense. Things such as open borders and closed pipelines. Defunded police and funded violence. Promoted Racism and demoted religion, and so on, and so on. This organized chaos and craziness is directly out of an American Communist playbook dating from the 1970's.

The problem is that no one is currently talking clearly about this danger to our freedom. However, everyone should be. This white paper goes into the details that everyone should be talking about. So, please share this with everyone you know.

If you have friends in Congress, Senators or Congressman, please do everything you can to get this white paper in front of them, so they can take action. If you have friends who are key influencers, please do the same with them as well.

Please spread the word like fire of this conspiracy from within that can destroy America. Spread the word to as many people you know! Once awoken to the threat we face, Patriots will work together to permanently solve this problem,

## SECTION 1

### OUR CLEAR AND PRESENT DANGER:

#### The Communist Takeover of America Is Happening Now

The takeover is happening in plain sight, in front of our own eyes, but the truth is being hidden from the people by the "Deep State Media", otherwise, and incorrectly known as "Fake News." This includes television, radio, and the tech giants, most noticeable Facebook, Google, and Twitter.

They are all members of an aspiring elite establishment trying to destroy our Republic for their personal gain. These people have a plan. The plan is to create organized havoc on *all* fronts so that the citizens of America become so desperate that they will accept Communism.

To save our freedom and our country, we need to use everything in our power to stop this planned takeover of America. We need to act *quickly* to get the truth out to the citizens of America in *plain words* that everyone can easily understand.

Since the Communists control over 90% of all mass media, the best way to get the truth out is through their Deep State Media. However, they will not cover our message voluntarily. We need to send a message that the "Deep State Media" *will* cover. Something that sounds so shocking that they cannot help but cover it.

We need to trick the Deep State Media to get them to cover our real news, the takeover of our country by domestic agents of the Chinese Communist Party (CCP). We need to create "***The Freedom Fire***." A fire of words. A fire of words so *outrageous sounding* upon first hearing it, that the Deep State Media cannot ignore it and cannot help but to report on and publish it to our citizens.

To ensure that it is covered by the Deep State Media, the best possible place to start ***The Freedom Fire*** is in Congress on the floors of both the House and the Senate. we need to find *brave and influential patriotic* Congressmen and Senators *who are willing to speak the truth*. Men and Woman who are actually willing to go out on a limb and take risks in order to save our Republic, just as our soldiers are willing to go into battle to save our Republic as well.

***The Freedom Fire*** will be created when these Patriots say in open sessions of Congress that there is a "***Communist Takeover of America is Happening Now***," in plain sight of everyone, but camouflaged by innocent sounding and totally misleading words and untruthful statements.

The main words used in Congress need to be "***Communism***" and "***Communist***", and used over, and over again, and over again. No matter how many times these words are spoken, *these words cannot be overused or over spoken, because they are true.* Words like Progressives, Populists, Socialists and Marxist are providing cover, obfuscating the real move underway: "***Communism***." These people should *not* be called

the left wing of the Democratic party. *They should be called the Communist wing of the Democratic party.*

Our patriotic members of Congress have to further speak out and say that the leaders of this movement for the *Communist Takeover of America* are *Enemies Within* and can be found in the House of Representatives, the United States Senate, and the White House itself.

Carefully constructed talking points will need to be prepared that explain this reality in our country and reveal both who are the ones responsible for the attempted takeover, and why our elected *Patriots* need to speak up and make these statements loudly and repeatedly.

Our *Patriots* need to call for a rollcall vote on their respective Congressional floors for a count of all Senators and Congressman opposed to a Communist Takeover of America.

\*\*\*\*\*

## **SURPRISE IS ESSENTIAL**

### **For The Freedom Fire to Be Covered by The Deep State Media**

Surprise will catch the Deep State Media off guard. Premature leaks of our plan could prevent the publicity we want. They cannot have time to think things through. The Deep State Media will publish videos on the “outrageous behavior” of Republican Senators and Congressman—and by doing so, they will help spread the message, that Communism is not just at the gates, but now, already entrenched in the halls and chambers of Congress, the White House, and many of our Courts. Our *Patriots* will be on the record.

\*\*\*\*\*

## **FLAMING THE FREEDOM FIRE**

Once, our patriotic elected officials start *The Freedom Fire* in Congress then we need other *key influencers* to *flame it* as well. We need to create a list of *shared* talking points that are repeated endlessly by all *Patriots* and *Key Influencers* whether in Congress or elsewhere. Talking points that explain what is happening, why, and by who.

**We are Witnessing a Treasonous Conspiracy to Overthrow  
the Lawful Government of the United States**

**We Need to Go on the Offense to Stop it**

This attempted conspiracy to take over the USA government is treasonous, seditious, and subversive. The penalty for such behavior, according to the law, is death and/or imprisonment.

Such a massive attempt to overthrow the United States government cannot take place by the actions of just a few people. It requires the coordinated actions of huge numbers of people. To preserve our Republic and prevent such an attempt from happening again, these conspirators need to be exposed and brought to justice. It is logical to assume that those who do not take action to bring these conspirators to justice are co-conspirators as well.

\*\*\*\*\*

**When We Recognize There is a Communist Takeover in Progress:**  
*All that is currently happening in politics, policies, and economics becomes totally clear and explainable.*

To have an effect and make a difference, it is necessary for *all* Patriots to call things for what they are, in coordinated talking points. Talking points need to be created that explain the reasons behind our hypothesis. In order to stem and defeat this threat of Communism our key influencers need to call it for what it is.

The Communist takeover in process explains why:

- There is so much unexplainable Chaos in our country.
- Our borders are open.
- There is rioting in the streets.
- The Racist Card is being played.
- The defund the police movement is being pushed.
- They want to raise taxes.
- Pack the Supreme Court.
- Take control of voting away from the states.
- The vaccine is being pushed upon everyone.
- People are no longer male or female, mothers, or fathers, no he or she, just “it.”
- They are against Churches and Religions.

- They are purging the military of conservatives.
- They are re-writing American history.
- They endlessly tell one lie after another.
- American oil pipelines are being closed and Russian pipelines are being permitted.
- The courts and prosecutors turn criminals back onto the streets.
- They are rapidly increasing America's debt.

\*\*\*\*\*

**TO STOP THIS TAKEOVER:**

**We Need to Imitate  
The Success of The Deep State Media and  
Get Our Acts and Messages Coordinated**

It is a proven fact that false information repeated often enough is increasingly believed to be true. When the Deep State Media has a talking point, no matter where you turn to for news, you will hear the *identical words* being used. The same kind of detailed planning and brainwashing done by the Communists (again notice constant repetition of that term), needs to be done by the Patriots.

Our Patriots *all* need use the same talking points and the same words. We can have a common website for all conservatives to go to get the *identical* words.

What the Communists within are doing is a *coordinated conspiracy* to take over the government of the United States. **That is treason.**

On the other hand, a coordinated effort to save our country is not treason. **That is Patriotism.**

Just as the Communists blame everything on Trump, Patriots need to start blaming everything on the Communists. Just reverse their tactics and messages. Patriotic news can always say for example,

*"The communists are trying to take over the country. In order to do that they have to create crime and defund the police and have the courts, let the criminals roam free, causing an increase in crime. (Problem)*

*The next step is to send in Federal Police to cities across America. (Solution)*

*That is really what is happening. It's a coordinated plan to use organized chaos to take over our country and make us all Communists."*

\*\*\*\*\*

## **Freedom Loving Americans Should Be Scared**

If you are not scared yet, then you are not paying attention.to what is going on.

- We have lost an election.
  - We are losing our freedom of speech.
  - We are losing our middle class.
  - We are losing our companies and our real estate to the Chinese.
  - What is next?

**Do we rollover and become slaves or do we fight for our freedom?**

\*\*\*\*\*

## **WE NEED A SHARED CAUSE TO SAVE THE AMERICAN DREAM**

That cause needs to be to “Stop the *Communist Takeover* of the republic of the United States of America.”

To preserve our American Ideals:

- E. Pluribus Unum - Out of Many, One
- The pursuit of perfection
- The pursuit of the American Dream
- The pursuit of happiness
- The pursuit of liberty, equality, and justice for all

Once awoken to the threat we face, our Patriots will be motivated and brought together. Then, nothing can stop us. Our enemies both domestic and abroad will, as they have done before, underestimate the power of our Patriots.

\*\*\*\*\*

## **TIME IS OF THE ESSENCE**

Time is not our friend. We need to move quickly to awaken and educate our Patriots and get our message out to the world before it is too late.

## SECTION 2

### WE MUST GO ON THE OFFENSE:

#### It is Time to Awaken the American People to The Communist Threat to America

**No one is talking about the Communist takeover, and everyone should be.** We Need to Get the Word Out to both Americans and to the rest of the World. Other countries are depending upon America to preserve freedom in the world.

Americans need to face reality of what is happening in America: The Communist Takeover. Our citizens need to be shown how to connect the dots. We need to be disciplined and focused with our messages.

\*\*\*\*\*

#### The Failure of the Conservative Media to Get the Real Message Out

The problem we have to overcome is the lack of a large press that is actively getting the word out to the public.

Even conservative news reporters are not properly telling our citizens what is happening in our country. They report on an event or issue but do not explain what is behind the issue and why the issue exists.

Unfortunately, it seems that even Fox News and Newsmax have been compromised by the Deep State. However, there is reason to believe that there are still Patriotic reporters who would go out on a limb to save their country, even if it means risking losing their job.

***“Those who fail to learn from history are doomed to repeat it,”*** said Sir Winston Churchill.

\*\*\*\*\*

#### Getting the Word Out Through "Key Influencers"

We need to get people who have followings of others to adopt the new plan of reporting on the Communist Takeover of America. Our efforts need be focused first, upon getting the attention and backing of the ones that are followed by the many. Then second, upon getting the word out through them, directly to the Patriots.

## Key Influencers

### **Getting the Word Out Directly to the People**

We cannot rely solely on Key Influencers to get the word out. Traditional methods need to be used as well. We need to use direct mail based upon the published voter rolls both to the registered Democrats and registered Republicans. This is not a Democrat versus Republican issue; it is a Freedom versus an Enslavement Issue.

We can create a series of 15-second commercials and publish them on YouTube. Each video can have a short message about one specific topic.

## SECTION 3

### SUGGESTED TALKING POINTS

Using clear and simple language is the best way to explain the problems to our citizens. No more referring to the Communists as Progressive Lefts. Refer to them as Communists. We cannot use the words Communists or Communism too much.

\*\*\*

We should not call them Marxists either. Marxism is the theory; Communism is the Practice. We should also refrain from calling them Socialists. Not all socialist societies are Communists, but all Communists are Socialists.

\*\*\*

You are not alone in our battle. Patriots *vastly outnumber* the agents of Communism. There are more Patriots that want to preserve our Republic, than those Communists that want to destroy it.

\*\*\*

Just as the Communists repeatedly say, "Defund the Police", we need to repeatedly say "Get Rid of the Communists." We need to expose them. And we need to *prosecute* them for their treasonous actions.

\*\*\*

Do not be surprised when the Communists demand a National Police Force to replace the local and state police forces.

\*\*\*

Do not be surprised if the CCP appoints a high-ranking member to be permanently stationed in the United States to coordinate and oversee all of the CCP interests in our country. This will be a Chinese Czar of their United States holdings. If they have a Czar here, they will do it throughout the western world.

\*\*\*

Not all Democrats in Congress are Communists. Without knowing their real intentions, many patriotic Congressmen are being naively led into Communism by the President of the United States, and leading figures in the House and the Senate. They are being fooled by the words claiming labels such as progressive and socialist, when the reality is their loudest leaders are Communists.

\*\*\*

What is taking place in America today is not socialism. It is communism. In true Socialist countries people have free speech. Their voices are not cut off. It is only in Communist countries that Free Speech is lost.

\*\*\*

We are fighting a war of the *Classes*, not the of races. Racism is simply used as a distraction, as a tool. There are two major classes of people in America. One class wants to gain power and control by earning it, by providing value for value. The other class wants to gain power and control by taking it from those that have earned it.

\*\*\*

These are not classes of the races. They are classes of philosophy. It is natural for all people to want to better themselves. To retain Liberty, is to retain power and control over our own lives.

\*\*\*

This is also a war between Good and Evil, between Masters and Slaves. Communists want to make you the same as everyone else. A number without an identity. Not a female or a male, a mother or a father, a son, or a daughter. *They want the complete destruction of the nuclear family. Is that what you want?*

The Communists have created a war of false words and false intentions and we need to call them out for the lies.

\*\*\*

### **Life Under Communism:**

- It is a welfare state where everyone except the *Communist Power Elite* are deprived of having nice things.
- A slave labor state with low wages and little freedom.
- Citizens are forced to work where the government tells them to work.
- There is no real freedom or individuality of any sort.
- All but a few members of the *Communist Power Elite* will live a mediocre life.
- There is no room for advancement without belonging to the *Communist Party*.
- You will never have nice things.
- There is no freedom to earn and achieve your dreams.
- No cars, vacations, boats, Gucci bags, etc.

**Do you want to be controlled by someone who believes that they know what is better for you than you do for yourself?**

**Is that enough for you.?**

**Or do you want to be in control your own life?**

\*\*\*

It is a good thing that the Democrats are in power, for this moment. Without them taking over, it would not have become so totally clear **what their true intentions are**. Their actions toward *Communism* reveal their intent. Now they are all exposed for what they really are. **Now Patriots can act with certainty.**

\*\*\*

**In order for the Communists to takeover it requires the *death* of the Second Amendment to the United States Constitution. They need to disarm The People to complete their takeover.**

\*\*\*

### **The Hypocrisy of Critical Race Theory (CRT) -- And the Groups that Support It:**

- Racism and the *1619 Theory of American History* imply slavery.
- Most of the people that support the CRT, *also* support the theory of Marxism and *the practice of Communism*.
- It is hard to find a *Communist* country that does not practice one form or another of racism or slavery.
- Those in America that support the idea that America is racist, *are generally racist themselves*.

\*\*\*\*\*

### **SOME KEY WORDS AND PHRASES TO USE**

#### **Key Words**

- Traitors
- Conspirators
- Tritagonists
- Communists
- Enemies Within
- etc.

#### **Key Phrases**

- Racists are typically the people who label others as racists.
- They have filled your minds with lies and twisted the truth to confuse and defuse you.

## **SECTION 4**

### **SOME THINKING POINTS**

Make it obligatory that you must support the USA and its founding ideals, in order to sell or work in the country; otherwise, blacklist. This is exactly what China requires for non-CCP companies to do business with China companies.

\*\*\*

Make it a requirement that requires *all* government employees and politicians take a signed pledge against supporting Communism in *any* form, an anti-Communist loyalty oath. That is not an unreasonable pledge to take for a person who earns a living by working for our government off taxpayers' dollars. They should repeat this pledge every time their position changes.

\*\*\*

We need to create a patriot think tank. A place where people can gather explicitly for the purpose of defeating Communism. First in America. Then around the world. But not to defeat them by force, but to win the battle by attracting people to the idea of enjoying their Liberty in a free nation. Win support by showing how much richer in every way the people are when they live free.

\*\*\*

States need to band together and stand on the Tenth Amendment of the United States Constitution. Their legislatures need to explicitly reaffirm the *Rights* they each have as Sovereign States. They also *need to explicitly define the rights the Federal government does not have over them.*

\*\*\*

Equality goes bi-directionally with countries. If China or any other country will not allow us to buy land and business in their country, then forbid them from buying those assets here in America.

\*\*\*

## SECTION 5

### ABOUT COMMUNISTS AND COMMUNISM IN AMERICA

#### Communist Revolutions are Always About Gaining More Power and More Money

A problem we face is that too much power concentrates in the hands of too few, and *the few want even more power and money than they already have*. The big tech leaders are behaving like *Communists*. Nothing else rationally explains their behavior of mass censorship.

The desire for more power and more money explains why certain American citizens, politicians, and companies are pushing the *Communist* narrative. They want more power and more money than they currently have. Those that do not have power see it as an opportunity to gain power over others, by taking power from the American citizens. They cannot earn it, so they take it.

Those that already have power and money see it as an opportunity to get even more. They are Globalists. The quickest way to get even more power and money is to do business with the Chinese Communist Party. They are willing to sell out the values of America for Money.

The price of doing business with China is to agree to not say anything negative about the CCP. Watch this excellent video, Woke Capitalism Against America, by Vivek Ramaswamy: <https://youtu.be/a5gwJ382dIw>

\*\*\*\*\*

#### A Communist State Cannot Be Put into Place Without a Federal (National) Police Force.

In every instance of a *Communist* state forming, a national police force under national control was required for the *Communists* to take over. However, in order to get that Federal Police force in place, you first have to prove the inadequacy of the current local and state police. *Communists* do this by creating organized riots and organized chaos that hurt the people, while simultaneously tying the hands of police and prosecutors to do anything.

This tactic is obvious with the *Defund the Police* movement. **Their plan** is to defund the police so they cannot be effective. Non-effective local police forces show the need for a police force that is competent: a Federal (National) Police Force. Their plan is obviously to get rid of local police. **The American Communist revolutionaries have combined the *Defund the Police* movement with accusations that all police are racists and single out the blacks.** Unfortunately, for whatever the underlying reasons, most

black crime occurs in black communities against black citizens, by black citizens. It is not racist policing that is causing the police interaction in these communities, but police responding to 911 calls for help from citizens in their communities.

Furthermore, this *Defund the Police* movement is combined with the orders from politicians directing the local police to not interfere with Antifa and Black Lives Matters (BLM). In the instances the police do their job, *Communist* prosecutors often refuse to prosecute, and let the criminals back into the community. Not all prosecutors are Communists. But according to their *Communist plan*, and when lawful prosecutors do their jobs and press charges, then the *Communist* judges refuse to put them in jail, instead letting them back onto the same streets to commit crimes again.

This is not an accident. It is a *Communist Plan* working for the *Communist Goal* of establishing a national police force, which they know they will need in order to complete their intended takeover of the United States.

Once the Defunded Police are shown that they cannot be effective, there will be a cry for a police force that is competent and non-racist. The Communist leaders of the United States will then use this as an excuse to get rid of the local police forces and replace them with a ***Federal Police Force (FPF)***. They may or may not conscript the current officers and make them take a pledge to the Federal Government.

This FPF, by other names of course, has been created China, Russia, North Korea, and Cuba. Study the federal police forces of communist countries.

\*\*\*\*\*

**A Communist Government Cannot Be Put into Place  
Without Taking Guns Away from The People.**

*In every instance of a Communist State the people were disarmed.*  
America can never become a Communist country as long as the Right to be armed remains. **Preserving the Second Amendment is critical to remaining free.**

\*\*\*\*\*

### **Who Are the Communists in America?**

- Anyone who places other countries' interests ahead of the domestic interests of the United States
- The Deep State Media
- Globalist companies who put **Profit Ahead of Patriotism**
- People Who Incite Violence Against Others
- People Who Incite and Organize Chaos.

## SECTION 6

### THE COMMUNIST'S PLAN:

#### Taking Over America Through Lies and Deception

- **Create *organized chaos everywhere***, through destructive actions and lies.
  - Pit races, parties, and any other groups of people against each other to create turmoil.
  - Promote unemployment.
  - Raise taxes.
- Prevent the local and state police forces from enforcing our laws and arresting criminals.
- Take away a person's identity and sense of self pride.
  - They are no longer male or female, or mothers and fathers; now they are "its."
- Create violence in the streets and do nothing about it.
- Humiliate our local and state police over and over again, to lower morale.
- Promote the lie that the local and state police cannot keep us safe, therefore the only way for citizens to be safe is if there is a centrally controlled Federal Police Force (FPF)
- Create the FPF to cement their power and takeover of our government.

\*\*\*\*\*

#### A Little History of Current Communism in the United States

The Communist Party of the United States of America, CPUSA, is a far-left communist party in the United States established in 1919. In 1974, a group of four members of the communist Weather Underground group wrote a book titled *Prairie Fire*. In this book, they laid out a plan for the takeover of the United States government.

Two of the 4 authors of this Political Statement were Billy Ayers and Bernardine Dohrn, husband a wife.

[https://archive.org/details/PrairieFire\\_20170422](https://archive.org/details/PrairieFire_20170422)

[http://zombietime.com/prairie\\_fire/](http://zombietime.com/prairie_fire/)

**It was at their house that the political career of Barack Obama was launched.**

Obama has had a lot of associations with communist groups in his past. Obama was publicly extremely critical of our police while in the office of the President of the United States. This is explained in detail in a book called “In Their Own Words” written by Terrie Turchie, who was the FBI Deputy Director of Counter Terrorism.

\*\*\*\*\*

**To take over our country, the *Deep State Communists* in the U.S. have to do the following:**

- Take away free speech.
- Take away our right to bear arms.
- Create a National (Federal) Police Force.
- Take away our individual freedoms.
- Eliminate the middle class by confiscating their wealth and assets.

\*\*\*\*\*

**Communist Revolutionary Tactics in America:**

- ***They have patience.*** They have planned this takeover for over 50 years. *Prairie Fire: The Politics of Revolutionary Anti-Imperialism* was originally published in 1974 by Obama’s mentor, Billy Ayers, one of the 4 co-authors.
- *Communists* fill people's minds with lies, not facts.
- They teach our children a false history of the United States.
- They promote racism.
- They want to eliminate the middle class.
- They aim to eliminate religious places of worship and practicing a belief in God.
- They have infiltrated all parts of American politics, business, high tech, and government—all as part of their plan.

## SECTION 7

### COMPARING COMMUNISM TO OTHER FORMS OF GOVERNMENT

#### Comparing Our Republic to Communism

Who has the power? The United States Constitution gives power to The People first and always. In *Communism* the power goes to the State and the power elite members of its *Communist Party*, not to The People. A key characteristic of a Communist country is too much power in the hands of too few people. The State comes before the Individual. The Individual is required to serve the demands of the State.

In a free society power is gained by allowing individual actions to provide individual rewards. In a free society the Individual comes before the State. The State has to protect and serve the rights of the Individuals.

**Communists steal rather than earn.** Communism is a form of government created by people who cannot earn wealth. Therefore, they must steal wealth and power. They will steal your homes, your businesses, your religion, your identity your bank accounts, etc. The list goes on.

The *Communist* leaders do not have the ability to earn power, so *they take it* through deception, lies, police powers and force. In a *Communist* society power is obtained by taking things away from those who have earned it.

In *Communism* the State owns a part or all of all production. There are very few individual citizen rights in communist countries.

*Communism*, in almost all ways, is the opposite, mirror image of a free Republic.

Following is a link comparing Communism vs Republic:

[https://www.diffen.com/difference/Communism vs Republic](https://www.diffen.com/difference/Communism_vs_Republic)

Following is a link comparing Communism vs Democracy:

[https://www.diffen.com/difference/Communism vs Democracy](https://www.diffen.com/difference/Communism_vs_Democracy)

\*\*\*\*\*

#### Comparing Socialism to Communism

*Socialism* is sometimes used interchangeably with *Communism*, but the two philosophies have some stark differences. Most notably, while *Communism* is a political system, *Socialism* is primarily an economic system that can exist in various forms under a wide range of political systems. The main thing to keep in mind is that not all *Socialistic* countries are *Communist*, but ***all Communist countries are Socialist.***

Following is a link comparing Communism vs. Socialism:  
[https://www.diffen.com/difference/Communism vs Socialism](https://www.diffen.com/difference/Communism_vs_Socialism)

## SECTION 8

### REQUISITES FOR A COMMUNIST TAKEOVER OF AMERICA.

- The elimination of a free press and our First Amendment rights. Control of the Press through a Deep State (Federal) Press.
- Create organized chaos and stir up dissent. Bring fear of harm into the streets and minds of ordinary people. Pit the races against each other. Have riots based upon race.
- Pit the haves and the have nots against each other.
- Eliminate the local police force and replace it with a federal police force.
- Eliminate the right to bear arms.

### THE CHINESE COMMUNIST PARTY PLANS THE TAKEOVER OF THE WORLD

#### A Communists country has 2 classes of citizens:

- The Masters (The Power Elites) and
- The Slaves

China used Slave labor to take over much of the world. Slave labor enabled the CCP to build goods for less money than is paid consensual labor in the Western world. The Western (Democratic) countries gobbled up these cheap goods and paid for them in their own currencies.

For example, products sold in Canada were paid for in Canadian Dollars ((CAD). The best place to spend CAD is in Canada. That is what the CCP did. They took all or part of their profits in Canada and bought an incremental piece of Canada: A business, real estate, natural resources, etc. By repeating these actions millions and millions of times, suddenly the CCP owns more of the country than its own citizens.

This is under the assumption that all other things were equal, such as the cost of materials. If the cost of materials is also less to the CCP, than to the western world, then the CCP's profits are only magnified that much more. This is what happens when the CCP buys the natural resources of a country from the profits earned through slave labor,

### **America is China's Key Target Worldwide**

If America goes down, then the rest of the world will also. The *Chinese Communist Party* will then control the world and make slaves of all its people except for the Power Elite. **We must do everything in our power to stop the CCP.**

## SECTION 9

### **A PLAN TO DEFEAT THE COMMUNIST TAKEOVER AND SAVE AMERICA**

#### **What Our Brave Patriots in Congress Must Do to Stop the Communist Takeover**

**The real fight must start in Congress.** The Deep State Media will cover it and the truth will get out to Americans, and the world. For that reason, it is time for coordinated filibusters to take place in the Senate. Using Filibusters could save America.

#### **MEMBERS OF CONGRESS NEED TO GO ON THE OFFENSE.**

Our true Patriots in Congress need to verbally *identify and attack the Communists in Congress*. As many as possible. They need to explain to The American People what is now happening and why. **These Patriots must awaken Americans** and put the issues in the light for all to see.

#### **THEY NEED TO FLAME THE FREEDOM FIRE**

*Patriots making statements made on the floors of Congress, whether true or not, are exempt from legal action against them.* The same of course goes the other way. Simply look at the lies and slander that Adam Schiff for example got away with.

Create congressional sub-committees to expose the communists and their subversive plans.

Create political caucus' to expose the leaders and their plans.

We need to find, expose, and punish the Power Elite.

McCarthyism: In the early 50's there was an effort to expose supposed communist infiltration of various areas of the U.S. government. It was practice of making accusations of subversion or treason, especially when related to Communism. **It worked.**

\*\*\*\*\*

### **Communists in Congress**

They are probably funded by the Chinese Communist Party. Look at the following links:

<https://www.trevorloudon.com/>

<https://www.trevorloudon.com/2020/08/trevor-loudons-2020-list-of-65-communists-socialists-and-security-risks-in-congress/>

### **Expose the Traitors to Our Constitution to THE PEOPLE**

- Get the word out to The People of the *Communist Attack already underway*.
- Call out and name the Communists in Congress.
- Call out and name the Communists in Business.
- Call out the name the Communists in our Federal Agencies.
- Call out the name the Communists in our Federal Judicial Systems.
- Also, do the above for local and state legislations, agencies, and judicial systems.

\*\*\*\*\*

### **Communists are like cockroaches.**

It is virtually impossible to eradicate them. They keep on coming back. Remember, *like all cockroaches, the hidden Communists will run for cover and disappear when the lights come back on.*

**SO, our job is to put them in the light, starting with Congress.**

*Communists Fear the Lights of Exposure.*

### **Identify the Key Players in the movement to bring Communism to America.**

We need to create and publish comprehensive lists of those behind the Communist movement. Following is a starter:

#### **The Thinkers.**

- Barack Obama.
- Billy Ayers, Obama's mentor
- Valerie Jarrett, aide to Obama so close that she lived with the Obamas in the White House:

[https://www.americanthinker.com/blog/2014/03/all\\_in\\_the\\_family\\_valerie\\_jarrett\\_and\\_the\\_chicago\\_communists.html](https://www.americanthinker.com/blog/2014/03/all_in_the_family_valerie_jarrett_and_the_chicago_communists.html)

- Barbara Bowman, the mother of Valerie Jarrett, and the person teaching teachers how to teach our children about communism.

### **Communists in Congress** (See the links directly above in this Section)

- Judy Chu
- Barbara Lee
- etc.

### **The Politicians**

- **Nancy Pelosi**
- **Chuck Schumer**
- **Adam Schiff**
- **Jerry Nadler**
- **Eric Swalwell**
- **Maxine Waters**
- **The Squad**

### **The Bureaucrats**

- Merrick B. Garland
- Christopher Wray

### **The Big Tech Leaders**

- Jeff Bezos
- Mark Zuckerberg
- Jack Dorsey
- Sundar Pichai
- Tim Cook

### **American Corporations**

- Amazon
- Walmart
- Coke
- NBA
- Nike
- etc.

\*\*\*\*\*

## **We Need to Investigate the Obvious Leaders of this Communist Takeover**

For this *Communist Takeover* to happen, **there must be huge levels of communication, collusion, and conspiracy taking place**. We need to expose these leaders of the Communist movement in America to the world. It is harder for them to do nefarious things when they are identified in the spotlight and when people know what their true intent is.

This movement to take over America is all about Power, Greed and Money.

They are likely funded by the CCP. So, when we investigate them, we know what to look for:

- *Communist* associations in the past.
- Deposits from others into their political campaigns or, their private accounts.

It is simple:

### **FOLLOW THE MONEY**

In every organization there are Followers. We also need to expose the Followers. A lot of followers are people who follow because they are afraid of being ostracized, or they fear being left behind, of not being included in the *Communist Takeover*.

We should give both the Communist Leaders and Followers the opportunity to act as informers to get reduced consequences for their treason.

\*\*\*\*\*

## **Investigate and Identify the Millions of Chinese Communist Party (CCP) Members in the Free World**

A CCP data leak reveals 2 million CCP members are dispersed in western countries around the world with many in the United States.

This is a link to an Article by the New York Post, a news source still willing to print the truth:

<https://nypost.com/2020/12/13/us-companies-riddled-with-members-of-chinese-communist-party/>.

**All Patriots Must Stop Doing Business with The Companies That Promote Wokism and Communism.**

## SECTION 10

### IN CONCLUSION

#### Our Message to the People of America and the World.

We know that many of you do not support the idea of America becoming a *Communist nation*. But too many people are being swept up and just going along. Too many fear retribution against themselves and their families. Too many cannot believe that this is actually happening right in front of our eyes. **But it is.**

Sherlock Holmes said that when you have eliminated the impossible, whatever remains, however improbable, must be the truth. If it looks like a duck, swims like a duck, and quacks like a duck, then it probably is a duck.

So, by analogy and simple deduction, if the Democratic party and their leaders do the things that are done in Communist countries, then it probably is not a democratic party anymore; it probably is a Communist Party now.

By their very actions, these are not Democrats, or left of center progressives, or Marxists. ***These are Communists.***

\*\*\*\*\*

### Why is This Happening in America?

#### It is All About Power and Money

\*\*\*\*\*

#### Why is the Democratic Party Doing What it is Doing?

At first glance, none of their actions make any sense. Why would people who have taken a sworn oath of office to defend the Constitution of the United States support *Communist* behavior?

***"I do solemnly swear (or affirm) that I will faithfully execute the Office of President of the United States, and will to the best of my Ability, preserve, protect and defend the Constitution of the United States."***

The answer is Simple:

## **IT IS ALL ABOUT MONEY, POWER AND GREED FOR MORE**

The Globalist Corporations do not want to give up the profits they make from doing business with *Communist* China. They show no fear of God, nor Judeo-Christian morality at all.

\*\*\*\*\*

### **Communist Parties are Fundamentally Criminal Organizations No Different Than Other Organized Crime Groups.**

That is what they are at heart. They will take things from you, while extorting you. You must pay to stop them from taking even more.

In China although there are about 90 million members of the CCP. Only a couples of thousands make decisions. Only a couple of hundred skim virtually everything off the top.

If you follow their rules, they will give you a job, make sure that you have a place to live, and food to eat.

They rule though a Federal Police Force, and if you disobey, they will imprison or kill you and your family and loved ones.

Again, too much power in the hands of too few.

**Is this what we want in America?**

\*\*\*\*\*

### **The Masters Fear the Slaves.**

In China, in 2019 the members of the CCP were only about 90 million people and about 6.6% of the Chinese population. This means that 6.6% of Chinese people control everything that is allowed to happen in China. There are over 14 times as many Slaves as Masters.

**Without a National Police Force**

**There Cannot be a Communist State.**

**Also, without taking away our right to bear arms, there cannot be a Communist State in America.**

Following is a link to an interesting article, published by the United States Congressional-Executive Commission on China, on the freedom of expression in China.

The only people in China who can publish criticisms of, or opinions contrary to those of, the Communist Party, are senior members of the Communist Party:

<https://www.cecc.gov/freedom-of-expression-in-china-a-privilege-not-a-right>

\*\*\*\*\*

### **Communism Goes Against God's Laws and is Therefore Ultimately Doomed to Fail**

*Communism* goes against God's laws. Following is the logic behind this statement.

In the Kabbalah, the words "God" and "The Nature" are synonymous. Nature is everything that exists without human intervention.

The "*Normal Distribution*" is the most important probability distribution in Statistics, because many continuous data sets in nature and psychology display this bell-shaped curve when compiled and graphed.

Communism tries to make everyone the same (except for the Elites). The term "Elites" and "Masters" will be used interchangeably.

For example, if we randomly sampled 100 individuals, we would expect to see a normal distribution frequency curve for many continuous variables, such as IQ, height, weight, and blood pressure. Socialism is primarily an economic system that can exist in various forms under a wide range of political systems. In this comparison we look at the differences between Socialism and Communism in detail.

Both Socialism and Communism place great value on creating a more equal society and removal of class privilege. The main difference is that Socialism can be compatible with Democracy and Liberty, whereas Communism involves creating an 'equal society' through an Authoritarian State, which denies basic liberties.

**Advancements in society are made by changing the location of the curve, not its shape.** This is consistent with God's Laws.

Communism flattens the shape of the curve, which goes against God's Law. **Trying to make everyone the same goes against God's Laws.**

Unfortunately, time is not our friend in this fight.

\*\*\*\*\*

## **Those Behind This American Communist Revolution Love Money and Power More Than They Love God.**

### **The Love of Money is the Root of All Evil**

**Patriots need to identify and investigate** those that have sold their souls already and chosen to be Masters (The Power Elite) over the common American citizen.

The problem is always a desire for power and money; they are interchangeable:

- Money=Power
- Power=Money

**For those leading these Communist revolutions, both in the United States and abroad, the belief in money and power has exceeded a belief in both God, and our individual rights and freedoms.**

We believe that those at the forefront of the Communist takeover movement in America have already received monetary remuneration. If not directly, then by the Asian way, through money or power to their families. That is the way greed and power works. At the least, promises of power and money.

One other possibility is those on the forefront are being blackmailed, somehow, being forced to aid in the Communist Takeover of America because of something they want to hide.

Money, power, or blackmail.

*Nothing else logically explains their behaviors.*

*For examples, just study the behavior of Nancy Pelosi and Chuck Schumer.*

\*\*\*\*\*

### **Americans Have Two Choices for Individual Survival:**

1) Figure out how to be a Master, instead of a Slave, in a Communist State.

This explains why the big companies and politicians are part of the Communist movement. They probably assume that the fight for freedom has already been lost. As such, they are betting on the Communist takeover of the USA. They want to be a part of the Master Class, not the Slave Class.

2) Or **fight for Freedom and help preserve our individual rights enshrined by our Constitutional Republic.** Remember, we have many more people than they do. Our job now is to awaken the masses and get this message out to them.

**What is your choice for yourself, your loved ones and for America?**

We need to motivate American Citizens into acting now, because their lives, their families, and *everything dear to them are at risk of being destroyed and lost.*

**We need to Fan the Freedom Fire**

## **SECTION 11**

### **SOME FINAL THOUGHTS**

The purpose of this brief is to awaken those in our country who are asleep to the Communist takeover.

We love our country. We love the genius principles upon which it was found, and in some small way want to help preserve it.

Is it perfect? No.

It cannot be perfect, because perfection has been intentionally placed out of the reach of humanity by God.

**But the pursuit of perfection has not.**

And it is the pursuit of perfection that causes advancements in societies.

We have been personally troubled by an ever-shrinking lack of humanity and humility exhibited by many leaders, both in this country, and elsewhere around our world. So many people are saying crazy sounding things and doing crazy and hateful things to themselves and others. It is almost as though the morality of centuries is being thrown away.

People need to rally together to save the greatest Divine and social experiment that has ever been undertaken in the history of mankind:

**The Constitution of the United States of America  
and the Republic it created.**

**May God Continue to Bless America!**
