

INSTRUCTIONS To Congress

NO AUDIT = NO BUDGET

NOTICE OF REMONSTRANCE with REMEDY

Congressional Instructions & Alert Now!

The RealRepublicanParty.org would like to announce and instruct our demand for remonstrance with remedy to our United States Congress. We the people of The United States of America, now declare that the time has come for Congress to vote the people funding in each state to investigate, evaluate, insure and protect the integrity of our election system, it's process and to verify the computer machines are safe and reliable.

This request is to be included in the upcoming federal budget bill by Congress. This budget bill must include sufficient funding for each state to investigate and verify by forensic audit the accuracy and authenticity of the presidential election of 2020. The audits must be determined by a state grand jury convened of the peers and people of each state being audited according to state and federal law as determined in Scalia majority opinion U.S. Supreme Court- U.S. v Williams 1992 case. This same bill must protect the election ballots and all related election data and physical paper materials and all records related to the 2020 presidential election for an additional 26 months to the existing 22 months previously protected by law. This bill must also include sufficient funding for states legal defenses if needed in case of litigation challenges.

This is a nonnegotiable demand of, by and for the people of the United States of America. No federal budget is to be allowed by congress until appropriate and approved status of this remonstrance and its remedy is granted as stated herein and approved by the constituents of the representatives in the United States Congress of 2021.
